

STAYING CONNECTED

When you combine WIDEX **UNIQUE™** hearing aids with DEX communication accessories, you are instantly connected to a world of sounds.

COM-DEX For hands-free streaming

A hands-free device for streaming high-quality sound from any mobile phone to hearing aids. Can be combined with the COM-DEX app* for convenient control.

COM-DEX REMOTE MIC Hear conversations in detail

A stylish add-on to your COM-DEX solution and the answer to difficult one-on-one situations where clarity of speech is essential. Specifically designed for exceptional performance over distance and in noisy situations.

CALL-DEX Discreet streaming from mobile phones

An ultra-compact device for streaming conversations from mobile phones to hearing aids; it simply inserts into the jack plug of the phone and is then ready to use.

TV-DEX For enjoying TV

A palm-sized, user-friendly wireless assistive listening device purpose-built for enjoying TV and audio.

UNI-DEX For plug and play mobile phone use

The UNI-DEX is a neck-worn plug and play solution for easy mobile phone use. The built-in microphone allows you to talk hands-free when using a mobile or Skype via PC or tablet.

RC-DEX Your remote control

A stylish, compact and user-friendly remote that gives better control of volume and programs. Small enough to fit on a key ring.

COLOUR OPTIONS

Choose from 15 different colours for Behind-The-Ear models or one of three colours for In-The-Ear* models.

UNIQUE™ HEARING FOR EVERYONE

WIDEX UNIQUE™ provides a range of hearing solutions for all types of hearing loss and budgets, ensuring you always stay connected to the world around you.

FIRST-CLASS SPEECH DETECTION

The WIDEX UNIQUE™ Speech Detector algorithm focuses on actively identifying the vowels and consonants you need to hear in challenging listening situations.

DISCREET DEVICE OPTIONS

The latest entry level WIDEX UNIQUE™ devices are now available in a range of discreet models, that are built for comfort and ease of management.

CAPTURES MORE SOUNDS

WIDEX UNIQUE™ captures more sounds than any other hearing aid. This means you can hear soft sounds such as grandchildren whispering and loud sounds such as groups singing happy birthday, all without distortion.

CONNECTIVITY OPTIONS

WIDEX UNIQUE™ is available with a remote control for program and volume changes and a range of assistive listening devices to connect you to what matters the most. You can connect easily and instantly to TVs, personal audio systems, tablets and more. There is a DEX for every situation. See overleaf for options.

Select your WIDEX UNIQUE™ hearing solution according to your lifestyle needs.
